We would highly recommend Jennifer Parrish for anything to do with goats.

We recently met Jennifer when we purchased our Kynzee (nubian doe) from her. When Kynzee arrived we were pleasantly surprised by her appearance. She is the healthiest goat we've ever seen. She was big, shiny and absolutely beautiful! She blessed us with a beautiful set of triplets on May 12 and they are growing nicely.

We had purchased goats before from various people and thought they looked ok at the time of purchase. But after seeing Kynzee, we noticed how they didn't measure up. We started our other does on Jennifer's feed only a short time ago and have already seen an improvement in their weights and coats.

With Kynzee and our other goats on Jennifer's feed, they are all looking awesome!

We have been looking for an alpine buckling to breed our does this fall and Jennifer has made several phone calls and contacted her other clients to try to find one for us.

Jennifer is very easy to work with and very knowledgeable about goats. She can answer any questions we have. We look forward to growing our relationship with her and continuing her feed to provide the best nutrition for our "family".

Thanks Jennifer!
