Recommendation for Jennifer Parrish and PNP Nutrition

To Whom It May Concern:

I would highly recommend PNP Nutrition feeds. I have used the goat feed to raise and wean kids. The kids wean beautifully and loose no ground on this feed. Jen Parrish is a very concerned and caring nutritionist that is more than happy to listen to your concerns and find the blend of feed that will work for your program. Let Jen see if she can help improve your program!

Sincerely,
Laurie Skien
